

Presented by: Adam Lemisch, P.E. Project Manager/Sr.
Project Engineer at Yonkers Contracting Company, Inc.
Lafayette College Class of 1988, Parent of 2023 & 2027

Building Civil Infrastructure Projects: A Civil Engineering Career in the Construction Industry

**MARCH 29TH
6:30PM TO 7:30 PM
HUGEL ROOM 100**

Learn and get insight on what it is like to have an exciting career as a Civil Engineer in the construction industry, building large and complex civil infrastructure projects.

Mr. Lemisch will discuss his 35-year career journey, spanning the engineering and construction industry; starting out as a Lafayette student, getting that internship, landing that first job, working for a Consulting Engineering firm and ultimately having a career working for a General Contractor building large and complex infrastructure projects, having held positions in both estimating and field operations management.
